REPORTING  
FROM THE  
EDUCATION  
FRONT  
VENICE  
2016

How can educational institutions learn from each other, recognize common ground and unite to challenge existing models that simplify, segregate and monopolize urban space?

urban lab+ aims to turn the tables; to step outside the standard university framework and find new ways of preparing for action, for reflecting on and interacting with, the urban environment.

**INVITATION** 28. May 16.00
